AUTO STAGE IS DISCONTINUED

MOTOR BUS LINE TAKEN OFF OF RUN TO OAKLAND

The through buses of the Western Motor Transport company, that have been operating between Second and Macdonald to Eighth and Broadway, Oakland, have been discontinued.

None of the buses were operating yesterday, and the statement has been made, that they have been taken off the run indefinitely.

City attorney D. J. Hall, in speaking of the matter last evening stated, that the reason for the taking off of the buses was unknown to him, and it was his opinion, that the company, by this action had lost whatever semblance of a right it had to operate on the avenue.

About two weeks ago the large buses were taken off of the run between Oakland and Richmond, and ten passenger automobiles put on. It is evident that the line has not been paying, and those who are in a position to know state that it was only during a few of the rush hours of the day, that sufficient passengers were carried to justify the expense of operating the buses. During the remaining hours the travel was very light.

There are a number of cases pending now before the railroad commission affecting the right of the motor bus company to operate on Macdonald avenue.

CADETS R. U. H. S. GO IN CAMP TODAY

The advance guard of the Union high school cadet battalion encampment expedition will leave for the rendezvous at Camp Tucker, San Pablo Canyon this morning having in charge all the necessary equipment for the expedition loaded on a large Standard Oil motor truck. The four companies to take part in the encampment exercises consisting of approximately 242 students, are scheduled to embark on their hike to the camp around the noon hour. The boys will furnish their own mess kits for the occasion and regular army cooks will be in charge of the food preparations.

A regular routine similar to that encountered during war conditions has been prepared by Major I. W. Hill, in charge of the cadets, and the entire battalion will return with valuable added experience.

Four Candidates Are Initiated by Coun'l Jr. O.U.A.M.

Golden Gate Council No. 3, Jr. O. U. A. M. held its regular meeting last night and four candidates were initiated into the mysteries of the order and three applications for membership were received. A very encouraging report was received from the Public School Defense League Committee.

Several visitors were present from Oakland. The Council has a new deputy State Councilor, recently appointed, who will keep a watchful eye on the Council in its work.

Whist Party
Friday evening at the assembly hall of St. Marks church the Young Ladies Sodality will give a whist party.

Sharkey Absent When Vote Wright Bill is Taken

In the battle in the senate between the "wets" and the "drys," over the vicious amendment that had been tacked on to the Wright bill in the assembly, the dries won, by voting to eliminate the "riders" which practically nullified the act. The measure will now be returned to the assembly.

When the vote came up on the bill Senator W. R. Sharkey, of this county was absent. Heretofore he has always been identified with the "wets."

Martinez-Benicia Ferry is Placed On Unfair List

A communication from Local No. 40 of Masters, Mates and Pilots was read at the meeting of the Central Labor Council last evening. In which it was stated that the Martinez-Benicia ferry had been placed on the unfair list.

A summary of the bills sponsored by labor at Sacramento caused quite a discussion, it being pointed out that labor was obtaining no results. According to California State Federation of Labor, the bills were either pigeon-holed or held up on second or third reading.

2 VERDICTS BY JURIES RIGHTS WAY OVER LAND

Under a decision of a jury in Superior Judge A. B. McKenzie's court the county is bound to pay Mrs. Getta Stewart \$5000 damages and \$650 for 4.17 acres of land which the county condemned as a right of way for the Franklin Canyon highway two years ago.

According to County Engineer R. R. Arnold, the verdict will leave the county just \$5000 short in funds for completing the highway which must be secured by the board of supervisors from some other fund. According to Arnold there was just sufficient money left in the Franklin Canyon road fund to complete the highway.

Negotiations for purchase of the property and a settlement for damages to the Stewart ranch failed and resulted in the suit. A viewers' report to the board of supervisors had fixed the value of the land and damages at \$417. Subsequently, according to county officials, the offer was raised to \$3500, including damages, on the understanding that Mrs. Stewart would build fences and construct a bulkhead. The offer was refused. It is claimed by attorneys for Mrs. Stewart that the highest offer made was \$3000 and from this expenditures of \$2000 for the bulkhead and \$650 for fences would have had to be made besides provision being made for moving buildings. In answer to the suit instituted by the county Mrs. Stewart asked a judgment of \$36,000 for damages to her property and for remuneration for the 4.17 acres.

Varying estimates on the damage to the property were fixed by witnesses for the county and Mrs. Stewart. The estimates ran from \$2000 to \$10,000.

Another Verdict
If the Southern Pacific Company wants the 19.35 acres of land at Vallejo Junction belonging to the Crockett Land & Cattle Company it must pay damages of \$2200 and \$850 an acre for the land or a total of \$19,835, according to the verdict of a jury rendered in Superior Judge R. H. Latimer's court in the condemnation suit brought by the railroad firm. The jury's deliberations lasted three hours.

The land involved embraces the slide on the slopes of Hanna Hill which carried away 200 feet of the State highway and has threatened to close traffic on the rail lines. The damages granted by the jury were severance damages for breaking the junction of the 19 acre tract with other holdings of the Crockett Land & Cattle Company.

SCHOOL EXHIBITS ON OR ABOUT MAY 10
Superintendent of Schools W. T. Helms announces that Richmond schools exhibit days will be started on or about May 10, when parents of all the pupils will be especially invited to come and view the work. Different days will be allotted the various schools.

Social Assembly Dance Tonight to Be Brilliant One

In anticipation of the last of the Social Assembly dances in the Richmond club house tonight, the hostesses directing the affair have outdone themselves to make this event a never-to-be-forgotten one with the assemblage that will be present.

A pleasing sumptuous decorative effect has been suggested with a combination of blossoms, butterflies and greens ornamenting the walls and ceiling of the dance room. Irving Perkins and his jazz 'Frisco orchestra will render the dance music. Elegant punch and fancy cakes will be served.

The hostesses for the season's farewell affair are: Mesdames Carey, Troy, Robert Osborne, Earl Scofield, George Haylow, James Cassidy, and the Misses Doris McLarney and Hazel Downer.

Grand President Auxiliary B. R. C. Is Entertained

The Royal Star Auxiliary B. R. C. of A. held their regular business meeting at Moose hall last night and entertained Grand President C. L. Bartholic, of Denver, Colorado, who exemplified the work of the organization. Refreshments were served and a bouquet was presented the guest of the evening. Mrs. Oro Newberry was chairman of arrangements, and Mrs. Cora Pauley, chairman of the social committee. Mr. Newberry, Mr. and Mrs. Hayden and Mrs. Effie Schmidt were on the committee social.

Eleventh Birthday Mildred Barbikas Observed Yesterday

Last evening at the home of Mr. and Mrs. C. F. Barbikas at 545 Nineteenth street, the eleventh birthday of little Mildred Barbikas was celebrated by the giving of a party.

A number of invited friends of Miss Mildred were present, and in the early part of the evening outdoor games were played, after which all repaired to the residence, which had been prettily decorated for the occasion, and the evening was pleasantly passed in games, dancing and singing.

Refreshments were served before the guests departed. Those present were Marjorie Warboys, Margaret Lansman, Wilma Milnes, Thelma Vestal, Velma Hurst, Coy Batharas, Viola Thompson, Bertha Thomas, Evelyn Neeley, Leona Batharas, Evelyn Kalin, and Dorothy, Mildred, Vicella and Theodore Barbikas, and Dorothy Kapogine.

Coroners to Meet in State Convention at San Francisco

The coroners of California will convene in state convention in San Francisco on Friday, Saturday and Sunday, and every county is to be represented.

GLASS PLANT IS SEEKING LOCATION IN RICHMOND

E. M. Downer, H. A. Johnston, Larkin J. Younce and George N. Rooker were members of a committee from the Chamber of Commerce to confer with Charles J. Currie, New Hampton, Indiana, about a factory for making window glass proposed for Richmond yesterday. Hurlie stated that his plans called for the construction of buildings and equipment to cost about \$40,000; to employ 120 men and to have an average payroll of \$25,000 a month. The output would be confined to window glass exclusively. Hurlie came to California in 1915, and built a factory at Stockton. During the early war period, he sold his interest in the Stockton plant and since has been engaged in the oil business. He has had thirty years experience in the manufacture of glass at New Hampton and Pittsburg, and states that in his experience Richmond offers an ideal field for such production. Quick shipping facilities, oil, and an ideal climate, he states are three elements which should attract all industries to this city from the east where factories are gradually looking to Pacific Coast locations in order to manufacture products where most used and eliminating the high freight rates. The committee from the Chamber of Commerce will look into Hurlie's proposition further in connection with proposed capital to carry out the plans. It is stated that San Jose, and Santa Cruz are after the factory, inasmuch as the Santa Cruz sand and Monterey limestone are both used as the basis for glass making, but the climatic conditions is stated pointed favorably to Richmond. Other factories on the coast are located at Redondo Beach and Torrance in Los Angeles county.

Newlyweds Will Be Entertained by Onetah Council
Onetah Council No. 98, Redmen, held their regular stated meeting at K. F. hall last night, when plans were discussed for the class adoption to be held on Wednesday, May 27, for the purpose of conferring the degree on fifteen candidates. Plans are being formulated to entertain two recent brides belonging to the council which is to be held Wednesday May 4. Mrs. Wheeler Green is the Poochontas. Mrs. Menty is chairman of the banquet committee.

NO APPORTIONMENT BY LEGISLATURE THIS YEAR
The Senate at Sacramento has abandoned an attempt to enact at this session legislation reapportioning legislative districts in accordance with the 1920 census. A resolution requesting Governor Stephens to call a special session for that purpose was adopted yesterday, 26, to 6.

SILVER \$S ARE SHORT MINTS BUSY IN COINING

Silver dollars are about to be coined again for the first time in seventeen years.

A week ago the San Francisco mint got orders to roll 'em out and as soon as the dies are ready the machines will begin to stamp. The Philadelphia mint is doing likewise and Denver, too. Denver never made them before.

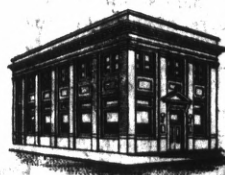

The San Francisco mint got orders for no specific amount, but was told to make dollars till the order came to halt.

Hundreds of millions of silver dollars were withdrawn during the war and melted down for the British, who sent the silver to India. The natives of India won't accept any money but silver.

Home Trading is Urged at Meeting of Native Sons

Richmond Parlor Native Sons 317 held a short business meeting last night at Pulse hall, most of the members being away in Stockton at the annual convention. E. Hitchcock, president, presided at the meeting.

Robert Coffey talked on home industry, advocating the patronage of home merchants. An important meeting will take place next Wednesday at which time all are expected to be present. Important reports from the convention on new laws that have been passed will be read. Refreshments will be served and a social time will be had by those present.

LACK OF BRAINS HANDICAP

General Kerenky says that Russia's greatest need is brains. Well, a lack of brains is considerable of a handicap, though some congressmen, legislators and other politicians seem to get along fairly well with nothing sleeping in their upper berths, and also many uplifters and reformers who are in it for money only manage to do quite well financially with nothing under their hats more startling than bran or grape nuts.

All that Shakespeare lacked to make him a half-wit or linen draper was a deth of brains. If Napoleon had lacked brains he would have spent his life on the island of Corsica, tending the fragrant goat and otherwise obtaining rest and relaxation by celebrating an occasional vendetta and knifing a few casual acquaintances. If Washington's need had been brains his descendants would yet be struggling with a mortgage on Mt. Vernon and paying taxes to representatives of King George. U. S. Grant, lacking brains, would have progressed from the grocery store to the poorhouse instead of to the highest command in the United States army and thence to the presidency. If Kerenky is correct regarding Russia's greatest need, and the evidence is strong that he is, the Russia's future is as dark as the interior of a fountain pen, or the inside of a cow.

And yet, when all is said and done
The clam has very little fun.
He might have jazzed a little louder
Before engulfing in the chowder.

Being in the position of the wicked man whom the Lord didn't want and the devil wouldn't have, Ex-King Carl, the Perhapsburg, seems to be meeting himself coming back along the trail of life.

One of the good songs says we have a friend in Jesus, and it is lucky we have, as we are not overly friendly toward each other.

The anti-capital punishment propagandists ought to promulgate a campaign against swatting the fly, by the same logic.

Whenever a man and his affinity are caught up with by the law and arrested, each brings right away to hate the other for getting him, or her, into trouble. The affinity game is loaded at both ends.

A fellow scribe says he has a boll, and while he does not state its exact location he says it prevents him from sitting down or standing up. Then what does he do? Queer sort of boll. We remember of seeing a young lady in a street car a few years ago that could not sit down, and we thought likely it might be a boll, but it turned out to be a hobbie skirt, extra tight.

The difference between what Waterloo did to Napoleon and what the G. O. P. steam roller did to the untierified Democrats is,—er—well, derved if we know what the difference is.

It is intimated that many hundreds of children in New York go to school hungry, but there seems to be no let up in the giving of dinners to pug dogs by society dames. That sort of thing breeds Bolshevism.

Old Kaiser Bill's bluff was a mighty big one, but it got called, just the same. There is a moral lesson in this, if you care to dig it out.

Tobacco is still up in price, with no chance of its coming down for a long while. Maybe that is why peace pipes are no longer smoked.

PROHIBITION DOING GOOD

Right out of New York, where the objection to prohibition has been so bitter, comes the most convincing testimony that has lately been published, showing the undeniably good effects of the dry regime. Admissions at the state hospitals of persons suffering from nervous and mental diseases has decreased very materially, and admissions for alcoholic treatment has dropped nearly ninety percent. People making regular use of alcoholic stimulants has likewise decreased much, and excessive drinking is said to have been greatly lessened, and bids fair to be soon entirely stopped. Straws show which way the wind blows. What the prohibition policy of the United States is doing in the direction of restoring and maintaining mental and bodily health amidst the people generally of the country is only just beginning to be understood.

UNEMPLOYMENT IS BAD

Unemployment keeps on in this country, although it is much worse in other countries. Obviously this condition should not exist. There is need in the world for all the things men can produce by their labor. There is soil aplenty and raw materials sufficient from which they might produce food and commodities to satisfy all needs. There is no lack of trained brains to direct and skilled hands to perform the labor of needed production. Yet much soil remains fallow, many factories are closed and men are idle, while all the world is suffering for production. Neither capital nor labor want to be idle, and our statesmen must find a solution to this problem quick.

One coyote when it starts howling sounds like a whole drove of them. Reminds one of LaFollette.

A big convention of women met in San Francisco lately and talked over public affairs. Among other things they seemed to think that larger families ought to be raised in America, more like older times, and they may be right about it. None of them threw their new spring hats into the political ring—the hats cost too much.

The Literary Digest practices phonetic spelling to some extent, and circumscribes the dictionary. Sometimes, also, it goes off half koked.

There is a lesson in flat money to be learned now from Austria. The newspapers there can't get enough paper to print their papers on because the government uses up all the available supply printing money. It takes an armful of it to buy a square meal. Flat money was what put the old Greenback party to the bad.

Another Mexican revolution is on and the swarthy brethren down there will continue to shoot and otherwise pleasantly exterminate each other. The Turks and the Russians are not the only flies in the ointment.

One of the congressional investigating committees has discovered that the Standard Oil corporation has quite a lot of money on hand. Great heads.

A hotel proprietor and a guest nearly came to blows because the latter insisted there was a blue-bottle fly in his blackberry pie. Hot words ensued and the guest left. It subsequently turned out that he was wrong. It was not a blue-bottle fly at all—it was a hornet.

Rockefeller lacks nearly a hundred millions yet of being a billionaire. That's too derved bad. Let's pass the hat.

Last of Mohicans Drawing Crowds at the Richmond

Early American history is graphically represented on the screen in Maurice Tourneur's new special film, "The Last of the Mohicans," which shows at the Richmond theater today.

The actual event repeated was the horrible massacre of Fort William Henry, New York, which took place on August 10th, 1757. Strangely enough, Tourneur filmed the identical scenes on the tenth of August, 1920, and for a time it looked as if the calendar had returned to colonial days, so realistic was the big scene.

It was a bloody affair, but only one gallon of glycerine, blood was spilled over the ground at the Tourneur studio. Montcalm, the French general, set out from Canada with savages as his allies, determined to capture the British forts. The general, Colonel Munro, and thousands of soldiers and Indians lived again in the film scenes.

This special picture comes with an all-lead cast, headed by such well known players as Wallace Beery, Albert Roscoe, Joseph Singleton, Barbara Bedford, William Hall and Henry Woodward, with an array of player talent that is capable of carrying a picture unaided. A Pathe news reel and an educational comedy reel complete the bill.

TODAY

Elenore McHerin's new story, "Fate and the Woman," starts today in The San Francisco Call. Don't miss the first chapter of this vital, gripping, story of a beautiful San Francisco girl. It is aglow with vibrant life. They called Gail Sherman the "Millionaire Shop Girl." Her story, thrills with its intimate and revealing details. Read the first chapter today.

The American Legion Post No. 10, have through their candidate for city councilman, Capt. B. W. Spier, gone on record as favoring clean sport for the citizens of the city of Richmond. The Captain, a veteran of four wars, in which he received his baptism of fire and was twice wounded, makes an ideal booster to go to the bat for Richmond's thousands of sport lovers who enjoy witnessing wholesome sport, when conducted on clean and sane lines.

The moral support of 800 American Legion members is solidly behind their former comrade. The Captain is one of those rare specimens of manhood that can look anyone in the eye with out flinching, and regardless of what side of the fence the listener may be, advance his viewpoint in the same manner that his company of Yanks advanced under his able command on the battle fields of France.

Keen interest prevails among Standard Oil employees in the target range events arranged by President

Harry Alne for the S. O. Rod and Gun Club opening flag raising day Sunday, May 1.

The entries are in training now for the pistol competition. Harry has listed events on the 20, 25 and 50 yard target ranges. Ten shots each will be allowed the four-man team to take the firing platforms.

The bustling prey of the Rod and Gun Club will follow the pistol shoot on the program, by introducing the leading casters in the bay district in an invitational casting tournament on the club 30x100 casting pool. This distinct innovation will bring together followers of Isaac Walton in a dry-fly casting contest, cast for accuracy and lure cast.

Feet Drag?

When it is an effort to drag one foot after the other, when you are always tired and seem lacking in strength and endurance; when aches and pains rack the body, it is well to look for symptoms of kidney trouble.

Foley Kidney Pills

banish effects of kidney and bladder trouble by removing the cause. They are healing and curative. They tone up and strengthen the weakened or diseased organs. They relieve backache, rheumatic pains, stiff joints, sore muscles.

W. W. Wells, Tacoma, Wash., writes: "I got great relief from taking Foley Kidney Pills. I am on my feet most of the time and get tired out. After taking Foley Kidney Pills, they make me feel like a new man. I recommend them to my customers and never have heard of any case where they did not give satisfaction."

THROAT TROUBLE CURED

Oakland, Nov. 1, 1920. To whom it May Concern:

I suffered from throat trouble for 15 years, during which time I could neither eat nor swallow without pain. I became very weak and was unable to work for months. I had numerous doctors and then tried a Throat specialist, who told me that my trouble was due to the blood. He advised me to take blood medicine. Thereupon my brother, who had been cured of Stomach Trouble by the FONG WAN HERBS, urged me to try them. After drinking the herbs for 15 weeks, I felt entirely well. I have since gained 25 pounds. It is 10 months since I took the herbs, and I am now giving this testimonial to let the public know that any sufferer should try the FONG WAN HERBS. I am a watchman for the California Food Specialists Co.

Santa Fe Road to Open Separate Ticket Office

After the close of business April 30 the Atchison, Topeka and Santa Fe Railway Company will withdraw from the consolidated ticket office at 50 Post street, San Francisco, and on Monday morning, May 2, will reopen its city ticket office in the Santa Fe building, Market and Second streets. It was announced yesterday.

The consolidated ticket office has been occupied jointly since its opening December 23, 1918, by the three transcontinental lines entering San Francisco, and the Santa Fe is the first to withdraw and return to Market street.

Firemen Dance for Relief Fund of Association

A dance to raise funds for the Relief Fund of the firemen, has been slated for June 4th at East Shore Park. Plans are on foot to make this fire fighters ball the best of the season.

Music will be provided by Shaw's ten-piece orchestra especially for this occasion and a good time is anticipated by all. The following committees have been appointed and are hard at work planning for the big day: Arrangement—R. A. Wells, Publicity and floor—J. J. Barry, Refreshments—R. F. Paasch, Door and tickets—R. P. Myers. Reception—J. J. Lathrop. Music—Lathrop, Paasch and Barry.

Camp Grounds Will Bring Many Tourists to Richmond

J. A. McVette, H. D. Chapman, L. E. Wierda, E. J. Burg, and Secretary Wallace of the Chamber of Commerce will today look over the plans for the Richmond Camp Ground for motor tourists. It is intended to make Richmond an ideal camping place, and adequate conveniences will be included in the plans to be considered by City Manager McVette and City Engineer H. D. Chapman, and later to be submitted to the City Council.

The plans call for a cut in the curbing on Macdonald avenue between 23rd and 24th streets adjoining the City Hall Garage. Driveways and about twenty shelter frames with benches for use of the campers; toilets, a club room, laundry and shower baths, with a community cook house where gas stoves

will be available are other features. A lease for one year's free use of the camp ground by the San Francisco-Oakland Terminal Co. was given to the city some time ago. Signs directing tourists to the Richmond camp will be placed along the highway on the San Rafael and Vallejo units, and at the camp ground a large sign will be installed to bid welcome to the tourists.

Reports from other cities maintaining camp grounds indicates that this has proven a highly profitable source of revenue to merchants, one town stating that 150 camp parties in five months spent an average of \$5.00 each or at a conservative estimate, \$35,000. Richmond records last year for five months show about 300 parties with the average expenditure of \$5.00 each, or \$1500.

A LIFE SAVER

"And not only must you do it for your own sake, but you owe it to others, too. You may search the length of the city and you won't find anything like it. I have been told by loads of my friends about it, but never 'cashed in' on it, till I actually went down to be convinced. From now on I know where to go and how to buy."

"Which store did you go to?" "Why to Cherry's (the store for women is at 515 13th street; the men's and boy's store, 528 13th street), and got absolutely everything I needed in the way of ready-to-wear apparel on credit. Just a small amount down and the rest as I get paid. I've got loads of pretty clothes now and I'm going to keep on getting more. Finding Cherry's was certainly a life saver."—Advertisement.

New Oil Tanker of Union Company on Maiden Voyage

After the Union Oil Company's new tanker La Placencia arrived at San Francisco on her maiden voyage from San Pedro, where she was built by the Southwestern Shipyard, she experienced trouble with her circulating pump.

The tanker, loaded with 80,000 barrels of oil from Port San Luis, was scheduled to go directly to Oleum. The Union Oil Company's plant, but due to her mishap was forced to anchor off Peterson's boat house until repairs can be effected.

This is the second tanker of the Union Oil's fleet recently built for the coastwise trade. The first was the Montebello which also had engine trouble when she arrived.

Richmond Belle While on Vacation Married at Fresno

While on a visit to an uncle and aunt, Mr. and Mrs. Elmer Johnson, of Fresno, Miss Ha L. Arnold was married to Leonard McGarvey, Fresno fig grower. The wedding took place in Fresno, April 18, it became known to friends here, upon the arrival of the newly married couple to visit the parents of the bride, Mr. and Mrs. James P. Arnold, 45 Nevada street.

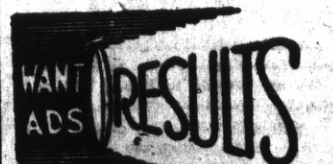

The bride is a real daughter of Richmond, having been brought up and educated in Richmond schools. For the past two years, she was employed in the white oil department of the Standard Oil.

Mr. McGarvey is erecting a handsome residence on his fig grove near Fresno where the couple will reside.

Baseball Club of Carmen Plan Dance East Shore

The S. F. & O. T. Ry.'s baseball club will give a dance at East Shore Park June 11, following the big game scheduled with the main office diamond aggregation.

For this occasion, manager Jones of the Traction tossers has engaged the jazzy Milliken five-piece orchestra which arrived from New York recently.

All the car boys have tickets for sale for that date.

MEETING OF JUNIOR CLUB YESTERDAY P. M.

The Junior Richmond Club met yesterday afternoon domestic science day and received some recipes from Willette Davis. Grace Lufkin was accepted as a member and it was decided to give a before club vacation jinks night for friends of the members on Saturday evening, May 28.

HELPFUL WORDS

From a Richmond Citizen
Is your back lame and painful? Does it ache especially after exertion? Is there a soreness in the kidney region? These symptoms suggest weak kidneys.

If so there is danger in delay. Weak kidneys get weaker fast. Give your trouble prompt attention. Doan's Kidney Pills are for weak kidneys.

Your neighbors use and recommend them. Ask your neighbors. Read this Richmond testimony. Mrs. Preston Rosier, 554 Twenty-first st., Richmond, says: "I know the value of Doan's Kidney Pills. They are a household remedy with me. I have had dizzy headaches, backaches and pains across my kidneys. At these times I have felt miserable and had no energy. My kidneys acted irregularly. Doan's Kidney Pills have always relieved these attacks, strengthening my back and kidneys. I can't say too much for Doan's. I know they are just as represented."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Rosier had. Foster-Millburn Co., Buffalo, N. Y.

EDITORIAL SUCCOTASH

We all have to appear interested in stuff that bores us. There would be no profiteers if suckers were not born every minute.

The 1921 brands of evil are about like the old styles, except booze.

Experience is the best teacher, but there are prettier ones. Logic is all right for a bachelor; silence for the benedict. Lecturer Crittendon is so full of gas he'd float in water.

It is human nature to raise a little hell once in a while. Fine clothes pilot the woman from the Aid Society to the Roof Garden.

No large concern will have a booze-fighter around any more. A lot of words, Dukes and Ducks have no more sense than a sandab.

Woodrow Wilson, General Wood and the Democratic party all limp now.

It's hard to grasp opportunity when it is greased with political oil.

"Awaiting developments," makes no difference to the developments.

Suit is Filed for the Partition of Richmond Property

An action to secure a partition of certain property at the Point was filed in the Superior Court by Bartolomeo Semorile, Lorenzo Semorile and Theresa Chichizola against Louise Macley and others. The property which the plaintiffs are asking be divided, includes valuable land in the city of Richmond.

S. F. MARKETS

SAN FRANCISCO, April 20.—

Eggs indicated growing strength during the morning session of the San Francisco Dairy Exchange with prices upward in every instance where there was any change. Eggs went up 1 cent to 29 1/2 and extra firsts the same to 28 1/2. Butter was slightly easier, a 1/2c drop being noted in extra choice. Cheese was forced further downward, California Y. A. fancy going off 2 cents in the face of heavy receipts and little demand.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best, to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisons, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, biliousness, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks. A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the harmless poisons of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire
